Robert E. Hyland

Robert E. Hyland, a long time resident of Bonnors Ferry, passed away on Oct. 14, 2005.

Many knew him as a talented plumber. He also tried his hand at being a dairyman, which he thoroughly enjoyed.

His hobbies included cooking (which left a big mess for his wife to clean up) canning and brewing beer occasionally.

However, his most important pursuits in life were ministering to others and raising his family.

He is survived by his loving wife Linda; sons Rick, Randy and Judah; and daughter Robyn. He was the best grandpa of seven and great-grandpa of one.

Bob fell asleep in death believing that he will be reunited with his family on earth, during the resurrection spoken of in the Bible at John 5:25-29.

His family would like to

take this opportunity to thank the local congregation of Jehovah's Witnesses for their love, support (and great meals) throughout Bob's illness and thereafter.

Thanks to our special neighbors, and others in the community that have helped us through this very difficult and sudden loss. And a special thanks to Dr. Reinhardt and the Bonner County Hospice.

Your expert care and knowledge was invaluable.

Thanks to all, Linda, Rick, Randy, Judah and Robyn Hyland.
